There are 4 buildings on the location that need completely overhauled and land that need cleared to use as the playground. We would like to secure the first 5 years. 40% of the students are free or subsidized so the school is only breaking even at this time. **WE REALLY NEED YOUR HELP TO SECURE THE FUTURE OF THE SCHOOL.**

Estimated costs for rent and renovations is approximately US 100,000

Sponsoring a child's education.....

CHILDREN OF THE WORLD SCHOOL & Learning Centre

Sponsoring a child is fantastic opportunity to make a real difference in a child's life. Offering an opportunity to children from underprivileged and homeless backgrounds, so they can feel safe, secure and learn in an environment where qualified teachers, teach with heart, while following the professional International Standards of Education.

Our children are from all walks of life, and they come to us from ages 2 years old to 14years old. We have classes for play group, preschool, Primary 1-6 and Secondary 7-9 and a day care service.

We offer all our children a fair and equal opportunity to excel in school and to reach their full potential, and to fulfill their dreams.

VOLUNTEERS

FUNDRAISERS

We need as many people as possible to help promote the foundation. Making individuals and businesses aware of our needs and help raise money through donation and sponsorship programs.

NATIVE ENGLISH SPEAKERS

We are introducing a scheme to support other local schools who need help with learning English. Which is so important to many kids as Bali an International tourist destination and many jobs require strong English skills.

WEB PROGRAMMER

To help develop our new website so we can promote the foundation and school globally and receive online donations.

GENERAL VOLUNTEERS

To help with many of the day-to-day tasks of running the foundation and school. As well as, helping with events and generally having a fun time hanging out with the children.

OUR PROMISE TO YOU

We operate the foundation with the highest levels of integrity, honesty and have a transparent operational policy.

Donators and sponsors are more than welcome to visit our school and any of our projects. We also welcome you to look at the foundation's bank statements and financial accounts at any time.

Everyone working within the foundation is a volunteer and offers their services free of charge. This means 100% of all money raised goes directly to helping children.

So... who is behind the foundation?

DOROTHY SUMMERS

Dorothy is the founder of Children of the World School/Children of the World Foundation. She has dedicated the last 14 years to helping children in Bali who need help...get help. She fights to give them a better and more secure future.
